PROFESSIONAL SUMMARY

Software developer with an academic focus on AI and Data Science. Experienced in building scalable backend systems and full-stack applications using Node.js, Express.js, PostgreSQL, and AWS S3.

EXPERIENCE

Software Development Engineer Intern

Jan 2026 – Present

Bock AI

Bengaluru, Karnataka

- Built BockStore, an internal inventory management system using Node.js, Express.js, and PostgreSQL.
- Published an AWS S3-based file storage system for handling app binaries and media assets.
- Resolved production issues falling under access control and backend API uptime for the Flutter application suite.

PROJECTS

Medicate – AI Healthcare Platform | *GitHub* | *Live*

- **Tech Stack:** Flask, MongoDB, Python, Generative AI, Gunicorn, Render.
- Built an AI-powered healthcare platform with chatbot-based triage, booking, and pharmacy locator features using Flask and MongoDB.
- Integrated Generative AI for dynamic health guidance and deployed scalable backend services using Gunicorn on Render.

JobPortal – Online Job Portal Platform | *GitHub* | *Live*

- **Tech Stack:** MongoDB, Express.js, React, Node.js.
- Developed a full-stack Job portal platform to manage my job applications .
- Primarily used MERN stack, also added authentication and job posting workflows.
- Implemented a feature to securely upload resumes using Cloudinary with Multer.

Assistive Communication App | *GitHub*

- **Tech Stack:** Python, Tkinter, gTTS, Pygame.
- Built a text-to-speech AAC application using gTTS and Pygame for dynamic speech generation and audio output.
- Designed an interactive Tkinter-based GUI to improve accessibility for users with speech impairments.

TECHNICAL SKILLS

Languages & Frameworks: Python, JavaScript, Node.js, Express.js, Flask

Cloud & Backend: AWS S3, REST APIs, JWT

Databases & Tools: MySQL, PostgreSQL, MongoDB, Git, GitHub

ACHIEVEMENTS

Manthan Business Plan Competition – 3rd Place

2023

IIC and Startup Club, CMRIT

Bengaluru, Karnataka

- Proposed *Metro Mithra*, an assistive transit solution for visually and hearing-impaired individuals.

Assistive Technology Hackathon

2024

All India Institute of Speech and Hearing (AIISH)

Mysuru, Karnataka

- Developed AAVAAS, a web-based tele-consultation platform for speech-language pathologists and audiologists.

EDUCATION

CMR Institute of Technology, Bengaluru

2022 – 2026

B.E. in Artificial Intelligence and Data Science

Narayana PU College, Bengaluru

2020 – 2022

Pre-University (Science)

Baldwin Boys High School, Bengaluru

2008 – 2020
